Why Plantation Shutters?

Create a beautiful contemporary look of light and shade with our shutters. Inspired by the great plantation mansions of Americas deep South these classic, streamlined interior shutters lend a sophisticated dimension to any room.

What's more plantation shutters give you the freedom to control the mood and degree of light, at a touch change the aspect from dimout to bright, delicate light diffusion. The sleek adjustable blades ensure privacy, reduce external noise and enhance insolation, yet you'd be surprised how affordable it can be to enjoy the Enduring Luxury of plantation shutters in your home.

Classic Stain

Our classic stain shutters are manufactured from solid Basswood with all Joints mortis and tenoned, kiln dried to obtain a low moisture Content making a stable timber even more robust.

Classic Paint

The classic paint style of shutter is manufactured to a high standard in a range of louvre sizes and a large number of standard paint finishes.

Basswood

Traditional shutters are made from a top grade kiln dried laminated Basswood, an exceptional and renewable wood chosen for its stability, its uniform colourality and proven resistance to warping.

Styles and Shapes

Onigle plantation shutters come in a choice of designs to compliment virtually any type of window and style of room. All of our shutters are custom made and come in a variety of different styles as shown.

Full Height

These are full height single panel with a strengthening divider rail at the mid point when the height is greater than 44 inches thus allowing independent movement of the slots.

Café Style

These are panels that cover the bottom section of the window only. Allowing light and privacy simultaneously.

Shutter Colour

It is important to select the correct colour finish to suit your room. We offer an extensive range of colour suitable for all room decors.

Tier On Tier

This allows the top tier of panels to swing open, independently from the bottom slot, thus allowing the choice of either total privacy or full height to enter through the top window leaving the bottom section closed if necessary.

Soild

Soild shutters are the ultimate traditional shutter providing a wonderfully old fashioned look to a window and an added security feature. Soild's are also available with a slatted top half.

Unique Plantation Shutters are available for any shape of window

Special Shapes

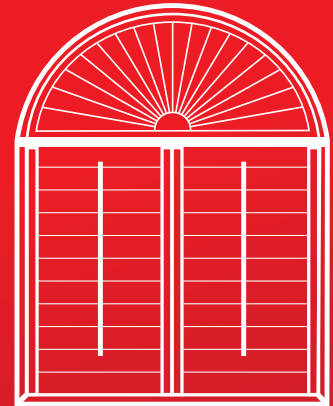

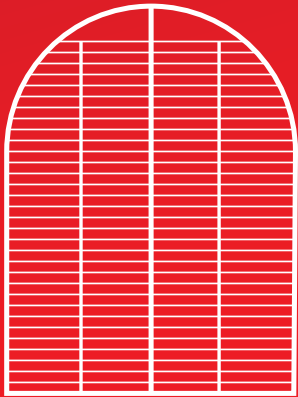

Unique Plantation Shutters are able to manufacture shutters for any shape of windows be it arched, triangular, circular or just unusual. The company will also make shutters with fixed blades or solid panels or a combination of both.

Sliding Tracks

Shutters installed on sliding tracks enable the panels to glide smoothly along the floor on a precision engineered wheel, guided by a Top Channel. The shutters can be moved into any position on the tracks similar to Oriental room divider screens.

Concertina Tracks

Shutters installed on concertina tracks enable multiple panels to be folded open or closed where the opening is too wide for hinges.

Special Shapes: Half Round - Elongated - Eyebrow - Quater Round - Circle - Hexagon - Octagon - Triangle and Many More
